I didn't really know John. What I do know is that when some distant, random relative from over the pond phoned up out of the blue in the summer of 96 and announced he was in Rhode Island, John drove over, picked me up and treated me with huge hospitality in his home. I've never forgotten how welcomed both he and Susan made me feel and I was very sad to hear, belatedly, of his passing. Our deepest sympathies to Susan and family, Richard, Jessica and Ophelia Weetman x

I worked with John at Shaws and enjoyed every minute of it. When the going got tough he would find a way to make us laugh. He was also a great softball player and I have never seen anyone stretch for a throw at first base like he could. To his family and friends I extend my deepest sympathies in your loss of a great guy.

John will always have a special place in my heart for two strong reasons: while we were stationed in Italy, John and Susan found my 18 month old daughter and brought her home to me the day she wandered off to visit the tree by the Maniago Firing Range and then, 30+ years later, he took the time to find us on Facebook. He will forever hold that special place and I just truly miss him. My deepest sympathy to Susan, Tammy and Derek and the entire family.....

John was my friend. We became friends in middle school and stayed that way for 48 yrs. He was the Kng of 1 liners and made everyone laugh. We worked together, played sports together especially golf and yes he kept score and was better. He left to join the Air Force and came home with Susan, the love of his life. The last time we were together was at our class reunion. He NEVER hurt anyone and helped raise 2 beautiful successful children. I just want to say if you have something to say to someone call them. Don't wait until its too late. God Bless UB and see you again.
