My Sister Shared by: Norma Foster on 04/30/2016 A light, the candle burning bright lighting the way for so many who just couldn't see the way. A hand, a helping hand to any in need whether friend or family if she knew, she was there for you. I have my memories, for now I have my great love for you, for now I have great faith we will be together again forever. Sissy called me one afternoon on her way home from visiting her friend, Rita. During the conversation, she stopped on a busy four-lane road to move a turtle out of the road with no thought of her own safety. A champion, a friend, a confidante and so much more. My life will never be the same without her in it.

Mr Dan and Michele to you and your family I send my condolences and my prayers and as lady at the hospital told me the other day she is an angel. She will be there in heaven to watch after us and I will miss her very much. She has helped so many on her time on Earth and I know she will be missed by all. Thank you for sharing her with me over the past few years. You will never know what that means to me to have had her in my life
