It was so fulfilling to see so many of Judy's classmates from the PHS Class of '67 fill the pew (and then some) in the chapel of Watson Hunt Funeral Home for her services. We all loved Judy and remember how popular and sweet and cute she was. Thanks go out to all. I hope I will be honored the same respect when my time comes. Our class was very special then and now. I love you all.

It was truly an honor to have known this amazingly strong beautiful woman. She was an original and an inspiration to all who met her. I'll forever keep in mind something she taught me "Follow your heart song." Do whatever makes your heart fill full and surround yourself with things you love & those who love you. That is exactly what she did everyday.

What a strong and courageous woman that would not let cancer get the best of her. She had a long and tough journey and taught so many of us what perseverance truly means! It was an honor to be part of her treatment and care team since the first day she stepped foot at our doors at the cancer center.

Sonny and Lois: So sorry we will be unable to attend the service for Judy on Saturday - previous commitments. Judy was a special neighbor to my family, wonderful friend to Mike and I and "aunt" to Kelly and Carsten just like Aunt Norma and Uncle Julian were to Mike and I. She will be missed by all of us. She was one of the strongest and most innovative people I have ever know. She battled cancer for so long with all of her being. I will be thinking of you and praying for you during this difficult time.

Dear Family and friends of Dr. Judith, We were so sorry to hear this sad news! We had some amazing times with Dr. Judith. She would visit us in Ramseur at our mutual friends antique shop. We had some dinners together and I loved watching her have fun at some Bluegrass venues. She loved to dance and have a couple of good pictures of that day. She was a joy to Mr. Hadley. She kept him smiling and gave him a journey of fun until his last breath. I know she missed him very much! We will all miss her here! She was Blessed to have the friends and caretakers she had. Please know that we will keep you all in our thoughts and Prayers!

Judy was a very dear friend to me during my lifetime from first grade until after graduation. We played together at her house after school in first grade and in the neighborhood all through childhood. I never lost contact with Judy, even after she moved away. We had a sister-like bond as children because she truly longed for a real one. I am so sorry for her suffering and know that she is still smiling that pretty smile that made her so popular. I know she is resting now and that makes me smile.
